Corporate

Ambhe Ferro Metal Processors Private Limited is a premier manufacturer and exporter from India engaged in the Rolling Industry for the past 2 decades. We manufacture Rounds, TMT bars, Flat Bars and Squares in Mild Steel, Carbon Steel, Alloy Steel and Stainless Steel.

We are established since 1987 and are ISO 9001 certified. We have IS2062 and IS1786 certification from Bureau of Indian Standards (ISI). We can produce bars confirming to a number of international standards such as ASTM, AISI, EN, DIN, JIS, BS, etc. Our factory is ideally situated near the Engineering cities of Mumbai, Pune, Nasik, etc within quick access to steel markets, International Trading Houses and Ports of Mumbai and JNPT. We are approved by almost all leading Indian raw material producing Integrated Steel Mills in Public and Private Sector and for many of them we are producing these bars on contractual/ conversion basis.

Our bars have been well accepted overseas and are exported, directly and indirectly to various end users, distributor and stockist. Our bars are well accepted by leading producer of Auto Parts, Ancillaries, Forgings, fasteners, bright bars, capital goods, engineering goods, etc.

We are Conversion Agents of Mahindra UGINE Steel Co. (MUSCO) & Mukand Ltd.
